

 <h2 style="text-align: center;">WHAT MIGHT I FIND IN THE DARK?</h2>	
 <h3 style="background-color: white; padding: 5px;">AUTUMN</h3>	 <h3 style="background-color: white; padding: 5px;">LIGHT AND DARK</h3>
<p>This project introduces children to the local area around school as they walk. The children develop their observation skills as they learn about the natural changes that happen during the season of autumn, including how the weather changes, why trees lose their leaves and how wild animals prepare for winter.</p>	<p>This project teaches children about natural phenomena, including shadows and reflections. They explore how shadows are formed and how they can change. They explore day and night, and learn about nocturnal and diurnal animals.</p> <p>It also teaches children about the celebrations that take place during the autumn and winter seasons, and focuses on the significance and symbolism of light at this time of year. It introduces our school value of hope.</p>
<p>Key Knowledge:</p> <ul style="list-style-type: none"> • Recognise signs of Autumn • The weather and some plants and trees change with the seasons. • In autumn, the weather starts to turn colder and some leaves change colour and fall from the trees. • Wild animals make their own homes including dens and burrows. They also have to hunt or gather their food. • All animals have special features or ways of behaving that help them to survive. Some animals hibernate during the winter. Hibernation is a long period of sleep. 	<p>Key Knowledge:</p> <ul style="list-style-type: none"> • A shadow is a dark shape that can be seen on a surface like a floor or a wall. It is made when an opaque object blocks light. • Shadows created by the Sun, move and change shape during the day. • Some objects are opaque (not see through) and others are transparent (see through). Opaque objects create shadows, whereas transparent objects do not. • A shadow is the same shape as the object that makes it. Shadows change during the day. • Light is an important element in many autumn and winter celebrations. • Diwali, Christmas and Hannukah are all celebrations of light
