

Learning Journey Growing and Changing Key Stage 1

Children will be able to identify parts of the body that are private and ways in which they can be kept private. They can identify people that it's ok to talk to about their private parts.

Children will start to identify things they could do as a baby and toddler as well as things they can do now. They can identify the people who help or helped them at these different stages.

Year 1
Taking care
of a baby

Year 1
Then and
now

Year 1
Keeping
privates
private

Year 2
Haven't you
grown?

Year 2
My Body, your
body

Children will understand some of the tasks required to look after a baby, and how to meet the basic needs of a baby, for example, eye contact, cuddling, washing, changing, and feeding.

Children can identify different stages of growth (e.g. baby, toddler, child, teenager, adult) and describe some of the things that people are capable of at these different stages.

Children will recall which parts of their body are private. They will understand that genitals help make babies when we are older, and know that we mostly have the same body parts, but how they look is different from person to person.
